Subject: 8th Request RE: Indian Rocks Payment

For some reason you will not answer this first question????

Please send me the name of Allison's school 2026-2027 and the tuition amount.

I noticed that you filed a financial statement with the court.

As stated the day after court (May 2026) and the email text etc in 2024.

I can no longer afford and do not mutually agree upon the extra activities.

If my financial situation changes I'll let you know right away.

Please adjust and send me the updated numbers with receipts.

I look forward to your reply!

Mike

He said he did text you about it and you said you took care of it a couple days ago. But it hasn't been taken care of or he could get his schedule and report card

Anthony said he tried again to get his schedule and it still pops up that you haven't taken care of his tuition.

Please do so ASAP because he is trying to sign up for dual enrollment courses and they wont let him

~~settled~~ Again Dana telling the
minor children I'm not helping
financially. See spreadsheets etc.
Not true

If you'd like Anthony not to have to worry about finances then please keep him at the school he wants to graduate from.

I told him he needs to get a job and buy more of his own food because you aren't helping financially.
Not sure where your thought process is when you refuse to help then state the kids shouldn't be brought in to this.

They are 100 percent affected and already in this when you don't help and do your part.

I am requesting that all future communication remain respectful, factual, and focused on matters involving the children. I do not appreciate the continued false allegations and accusations being made.

I'm struggling to get straight answers from you.

All I was asking you to respond to is:

1. IRCS
2. Allison's Tuition Amount
3. Mutually Agreed Upon Expenses
4. A more affordable counselor for Allison

I'm trying to budget but unable to if you do not answer the financial questions.

FYI you said below "I even leave thousands off each month that the kids know you don't help me with and most times we can't do it now because I can't afford it"

The kids have everything they need.

Why would you burden them with financials and blame me for it??

They have the rest of their lives to deal with issues like this.

Please let them be kids and enjoy their youth.

We are the parents and you should not include them in adult conversation.

Nothing has changed in the last 6 years.

Except your work ethic.

Please send me Allisions tuition total for next year.

Also, did you find a more affordable councilor

I look forward to your reply!
